

Safety is our primary concern at Garfield Elementary School and we will no longer leave our main doors unlocked during the school day (8:25 AM to 3:25 PM). We apologize for any inconvenience but our building is not designed like others with offices joining the entrance. If you need to enter during school hours please call our main office at **(810) 984-6509**.

***Option One** - call with your cell phone upon arrival at the main doors and our staff will identify you using our camera and either buzz you in -or- personally come and greet you*

-or-

***Option Two** - make an appointment from a landline before you leave and our staff will meet you at the main doors at that specified time*

This procedure is a temporary solution, as we are waiting for a new video buzz in system to be installed. At that point you will no longer need to call from your cell phone and will be able to communicate directly to our staff from a speaker on the door.

Again, thank you for understanding as we transition to a safer system.

Go Garfield Gators!
